Opioids/Acetaminophen Analgesic Prior Authorization Request

MassHealth reviews requests for prior authorization (PA) on the basis of medical necessity only. If MassHealth approves the request, payment is still subject to all general conditions of MassHealth, including current member eligibility, other insurance, and program restrictions. MassHealth will notify the requesting provider and member of its decision. Keep a copy of this form for your records. If faxing this form, please use black ink.

Additional information about opioid and acetaminophen analgesic agents, including PA requirements and preferred products, can be found within the MassHealth Drug List at **www.mass.gov/druglist**.

Member information

Last name _____ First name _____ MI _____

MassHealth member ID # _____ Date of birth _____

Gender (Check one.) ☐ F ☐ M Member's place of residence ☐ home ☐ nursing facility

Medication information

Drug name _____ Dose and frequency _____ Duration of therapy _____

Indication _____

Has the prescriber evaluated Massachusetts Prescription Awareness Tool (MassPAT) data, risk factors, and potential risk factors for abuse/misuse in their assessment of this member? ☐ Yes. ☐ No.

For mid-level practitioners (e.g., nurse practitioners, physician assistants), please provide the name and specialty of the collaborating physician.

_____

Section I. Please complete for oxycodone extended-release tablet (Oxycontin) requests.

Has the member tried a long-acting morphine product or a transdermal fentanyl product?

☐ Yes. Drug _____ Dose and frequency _____ Dates of use _____ Outcome _____

☐ No. If morphine and transdermal fentanyl are contraindicated in this member, please describe why.

_____

Section II. Please complete for methadone (Dolophine, Methadose) requests.

1. Has the member tried a long-acting morphine product?
   ☐ Yes. Dose and frequency _____ Dates of use _____ Outcome _____
   ☐ No. If morphine is contraindicated in this member, please describe why.

   _____
2. Has the member tried a transdermal fentanyl product?
   ☐ Yes. Dose and frequency _____ Dates of use _____ Outcome _____
   ☐ No. If transdermal fentanyl is contraindicated in this member, please describe why.

   _____

3. If the answer to questions 1 and 2 is no, provide clinical rationale for the use of methadone over other long-acting opioids.

_____

4. Is the member opioid naive? ☐ Yes. ☐ No.
5. Has the member had a baseline ECG showing a normal QTc interval? ☐ Yes. ☐No.

Section III. Please complete for requests for fentanyl nasal spray (Lazanda), fentanyl sublingual tablet (Abstral), fentanyl sublingual spray (Subsys), fentanyl transmucosal system (Actiq), fentanyl buccal tablet (Fentora), oxymorphone immediate-release (Opana IR), and tapentadol (Nucynta).

1. Is the member currently maintained on a long-acting opioid regimen?
   ☐ Yes. Drug _____ Dates/frequency _____ ☐ No.
2. Has the member tried the following agents?
   ☐ hydromorphone IR Dose and frequency _____ Dates of use _____ Outcome _____
   ☐ morphine IR Dose and frequency _____ Dates of use _____ Outcome _____
   ☐ oxycodone IR Dose and frequency _____ Dates of use _____ Outcome _____
3. If the request is for Abstral, Fentora, Lazanda, or Subsys, has the member tried fentanyl transmucosal system (Actiq)?
   ☐ Yes. Dose and frequency _____ Dates of use _____ Outcome _____
   ☐ No. If fentanyl transmucosal system (Actiq) is contraindicated in this member, please describe why.

   _____

Section IV. Please complete for requests for hydrocodone ER (Hysingla ER or Zohydro ER), hydromorphone ER (Exalgo), levorphanol tablet, morphine ER tablet (Arymo ER or Morphabond ER), morphine/naltrexone (Embeda), oxycodone ER capsule (Xtampza), oxymorphone extended-release, Opana ER, and tapentadol ER (Nucynta ER).

1. Has the member tried the following agents?*
   ☐ fentanyl transdermal Dose and frequency _____ Dates of use _____ Outcome _____
   ☐ morphine ER Dose and frequency _____ Dates of use _____ Outcome _____
   ☐ oxycodone ER Dose and frequency _____ Dates of use _____ Outcome _____
2. If the request is for levorphanol tablet, please provide clinical rationale for the use of levorphanol over other long-acting opioids.

   _____

**If medication trials are contraindicated in this member, please attach a letter describing why.*

Section V. Please complete for morphine ER capsule (Kadian and generics) requests.

Please provide clinical rationale for the use of the requested product instead of morphine controlled-release tablets.

_____

Section VI. Please complete for meperidine (Demerol) requests.

Please attach documentation describing medical necessity due to allergy to morphine.

Section VII. Please complete for requests for dihydrocodeine/acetaminophen/caffeine, dihydrocodeine/aspirin/caffeine (Synalgos-DC), hydrocodone/acetaminophen 300mg, hydrocodone 2.5 mg, 5 mg, 10 mg/ibuprofen, oxycodone/acetaminophen 300mg, oxycodone/acetaminophen extended-release (Xartemis XR), and oxycodone/ibuprofen.

Please attach documentation of prior generic combination analgesic trials including hydrocodone/acetaminophen, oxycodone/acetaminophen, codeine/acetaminophen, and hydrocodone/ibuprofen.

over

Section VIII. Please complete for buprenorphine buccal film (Belbuca) requests.

Has the member tried a long-acting morphine product?

☐ Yes. Dose and frequency _____ Dates of use _____ Outcome _____

☐ No. If morphine is contraindicated in this member or there is clinical rationale for the requested formulation, please describe.

_____

Section IX. Please complete for fentanyl transdermal 37.5, 62.5, 87.5 mcg/hr requests.

Please provide clinical rationale for use of requested formulation over other strengths.

_____

Section X. Please complete for butorphanol nasal spray requests.

Please attach documentation describing an adverse reaction or contraindication to all other short-acting opioids, or medical necessity for nasal spray formulation in addition to an adverse reaction or contraindication to morphine and oxycodone immediate-release solutions.

Section XI. Please complete for requests for codeine and tramadol products for members < 12 years old.

Please provide clinical rationale for use of a codeine and tramadol-containing product in a member < 12 years old.

_____

Section XII. Please complete for oxycodone IR (Oxaydo) requests.

Please attach documentation describing clinical rationale as to why the generically available oxycodone immediate-release 5 mg scored tablets cannot be used.

Section XIII. Please complete for requests for duplicate short-acting or long-acting opioids.

Please provide clinical rationale for duplicate therapy including plan to consolidate therapy.

_____

_____

Section XIV. Please complete for requests above established dose limits.

For all opioids, please provide medical records documenting treatment plan including clinical rationale for high dose and titration of medication up to current dose. In addition, please provide a signed and dated patient-prescriber agreement and a consult from a pain specialist recommending the requested dose for this member. For acetaminophen and aspirin products, please provide a clinical rationale for the use above 4 grams per day. For ibuprofen products, please provide a clinical rationale for the use above 3.2 grams per day.

_____

_____

Section XV. Please complete for requests for high dose short-acting opioids as monotherapy.

Please provide medical records documenting treatment plan including clinical rationale for use of high dose short-acting opioids without a long-acting opioid agent. In addition, please provide clinical rationale for high dose and titration of medication up to current dose, a signed and dated patient-prescriber agreement, and a consult from a pain specialist recommending the requested dose for this member.

_____

_____

over

Section XVI. Please complete for requests above established quantity limits.

Can the requested dose be obtained by using products within established quantity limits (For example, a request for oxycodone extended-release 20 mg, 2 tablets twice daily could be consolidated to one oxycodone extended-release 40 mg tablet twice daily)?

☐ Yes. ☐ No. If dose consolidation is not an option, please explain why.

_____

_____

Section XVII. Please complete for all requests for non-preferred drug products if one or more preferred drug products have been designated for this class of drugs.

If one or more preferred drug products have been designated for this class of drugs, and if you are requesting PA for a non-preferred drug product, please provide medical necessity for prescribing the non-preferred drug product rather than the preferred drug product.
