Oral Antibiotics and Anti-Infectives Prior Authorization Request

MassHealth reviews requests for prior authorization (PA) on the basis of medical necessity only. If MassHealth approves the request, payment is still subject to all general conditions of MassHealth, including current member eligibility, other insurance, and program restrictions. MassHealth will notify the requesting provider and member of its decision. Keep a copy of this form for your records. If faxing this form, please use black ink.

Additional information about these agents, including PA requirements and preferred products, can be found within the MassHealth Drug List at www.mass.gov/druglist.

Dose, frequency, and duration of medication requested _____

Indication _____

Is the member under the care of an Infectious Disease specialist? Yes No

Section I. Please complete for requests for amoxicillin/clavulanate extended-release, cefaclor extended-release, ciprofloxacin extended-release, and clarithromycin extended-release.

Please describe the medical necessity for the use of an extended-release dosage form over immediate-release formulations of the requested agent. Please describe prior trials and outcomes with the immediate-release formulation and additional antibiotics, if applicable.

Section II. Please complete for requests for cefadroxil tablet, cephalexin 333 mg and 750 mg capsule, and metronidazole 375 mg.

Please describe the outcomes of prior trials with formulations of the requested antibiotic that are available without PA. Include medical necessity for the use of the requested antibiotic over alternative strengths that do not require a PA.

Section III. Please complete for all requests for doxycycline agents requiring PA.

Please describe the outcomes of prior trials with doxycycline formulations that are available without PA including dates of trials, and provide clinical rationale for the requested formulation.

Section IV. Please complete for requests for cefixime.

Is the member completing a course of therapy that was initiated in the hospital? Yes No

If the answer to the above question is no, please note if the member experienced any of the following with cefdinir and/or cefpodoxime.

cefdinir Adverse reaction Inadequate response Other _____
 cefpodoxime Adverse reaction Inadequate response Other _____

Briefly describe details of adverse reaction, inadequate response, or other.

Section V. Please complete for requests for Xifaxan 550 mg.

1. For the diagnosis of hepatic encephalopathy, did the member experience any of the following with lactulose?

Adverse reaction Inadequate response Other _____

Briefly describe details of adverse reaction, inadequate response, or other.

2. For the diagnosis of irritable bowel syndrome with diarrhea, has the member had a trial with three of the following: loperamide, diphenoxylate/atropine, bile acid sequestrant, bismuth subsalicylate, bulk-forming agent, tricyclic antidepressant (TCA)?

Yes. Please provide details for the previous trials below.

Drug _____ Dates of use _____ Outcome _____

Drug _____ Dates of use _____ Outcome _____

Drug _____ Dates of use _____ Outcome _____

No. Please explain why these agents have not been tried.

Section VI. Please complete for requests for linezolid tablet and Sivextro tablet.

1. Does the member have a diagnosis of vancomycin-resistant enterococcus? Yes No

For Sivextro, if the answer to the above question is yes, please note if the member experienced any of the following with linezolid.

Adverse reaction Inadequate response Other _____

Briefly describe details of adverse reaction, inadequate response, or other.

2. Does the member have a diagnosis of suspected or confirmed methicillin resistant staphylococcus aureus (MRSA)? Yes No
 3. Is there a culture for MRSA that is positive?
 Yes. Please attach a copy of the culture and sensitivity report with submission.
 No. Please provide clinical rationale why cultures and susceptibility testing were not performed.
-

4. Please list previous antibiotic trials and/or sensitivities including outcomes and dates.*

- sulfamethoxazole/ trimethoprim clindamycin doxycycline or minocycline vancomycin IV
 Other

Outcome/Sensitivities _____ Dates of use _____

Outcome/Sensitivities _____ Dates of use _____

**Attach a letter with additional information regarding medication trials as applicable.*

Section VII. Please complete for requests for mebendazole, moxifloxacin tablet, ofloxacin tablet, Solosec, and tinidazole.

Please describe the outcomes of prior trials with available alternatives, including dates of trials.

Section VIII. For requests for minocycline extended-release 45 mg, 90 mg, 135 mg tablets, minocycline tablets, Minolira, and Ximino.

1. For minocycline immediate-release tablet please attach supporting documentation of a trial with minocycline capsules and clinical rationale for the dosage form over immediate-release capsules.
 2. For minocycline extended-release tablet and capsule formulations, please note if the member experienced any of the following with minocycline capsules and Solodyn.
 minocycline capsules Adverse reaction Inadequate response Contraindication _____
 Solodyn Adverse reaction Inadequate response Contraindication _____
-

Section IX. Please complete for requests for Dificid.

Has the member had a trial with oral vancomycin?

- Yes. Please provide details for the trial below.

Dates of use _____ Outcome _____

- No. Please explain why oral vancomycin has not been tried.
-

Section X. Please also complete for Augmentin 125/31.25 mg/5 mL suspension requests.

Please provide clinical rationale for not using 250/62.5 mg/5 mL formulation.

Section XI. Please complete for requests for Baxdela tablet and Nuzyra tablet.

1. Does the member have a diagnosis of suspected or confirmed methicillin resistant staphylococcus aureus (MRSA)? Yes No
 2. Were cultures and susceptibility testing performed?
 Yes. Please attach a copy of the culture and sensitivity report with submission.
 No. Please provide clinical rationale why cultures and susceptibility testing were not performed.
 3. For suspected or confirmed MRSA infections or mixed pathogen infections (including MRSA), please list previous antibiotics trials and/or sensitivities including outcomes and dates.*
-

sulfamethoxazole/trimethoprim clindamycin doxycycline or minocycline vancomycin IV
 linezolid Other _____

Outcome/Sensitivities _____ Dates of use _____
Outcome/Sensitivities _____ Dates of use _____
Outcome/Sensitivities _____ Dates of use _____
Outcome/Sensitivities _____ Dates of use _____

4. For suspected or confirmed non-MRSA mixed pathogen infections, please list previous antibiotic trials including outcomes and dates.*

Drug _____ Outcome _____ Dates of use _____
Drug _____ Outcome _____ Dates of use _____

*Attach a letter with additional information regarding medication trials as applicable.

Section XII. Please complete for requests for Coartem > 24 units/365 days.

Please describe the medical necessity for exceeding the quantity limit.

Section XIII. Please complete for all requests for non-preferred drug products if one or more preferred drug products have been designated for this class of drugs.

If one or more preferred drug products have been designated for this class of drugs, and if you are requesting PA for a non-preferred drug product, please provide medical necessity for prescribing the non-preferred drug product rather than the preferred drug product.

Prescriber information

Last name* _____ First name* _____ MI _____
